Army: "Support Ken Paxton as Conservative Speaker of the Texas House."

Former north Texas Congressman & House Majority Leader wades into Texas Leadership Battle

Dick Army

Texas Insider Report: AUSTIN, Texas – My fellow Texans, please take action on this important battle in the Texas House of Representatives. Below is a letter from FreedomWorks Chairman Dick Army.

On November 2nd, Texans spoke out loudly in favor of lower taxes, less government and more freedom. It was a historic election for fiscal conservatives, and the Texas House of Representatives now has 22 more Republican lawmakers.

The election was a conservative mandate for Texas, and the leadership of the Texas House should reflect that mandate.

We have a great opportunity to have true fiscal conservatives as Speaker and committee chairmen in the Texas House. These influential leadership positions will be key to moving our conservative agenda forward in the next legislative session in Austin.

That is why it's so important that members of the Texas House choose a conservative Speaker in their upcoming election.

Sincerely,

Dick Army
